Maintenance & stain removal

The cleaning and maintenance label James has developed a number of unique services to help you in every situation.

One such free and unique service is

“James’ personal maintenance advice”

Cleaning with water

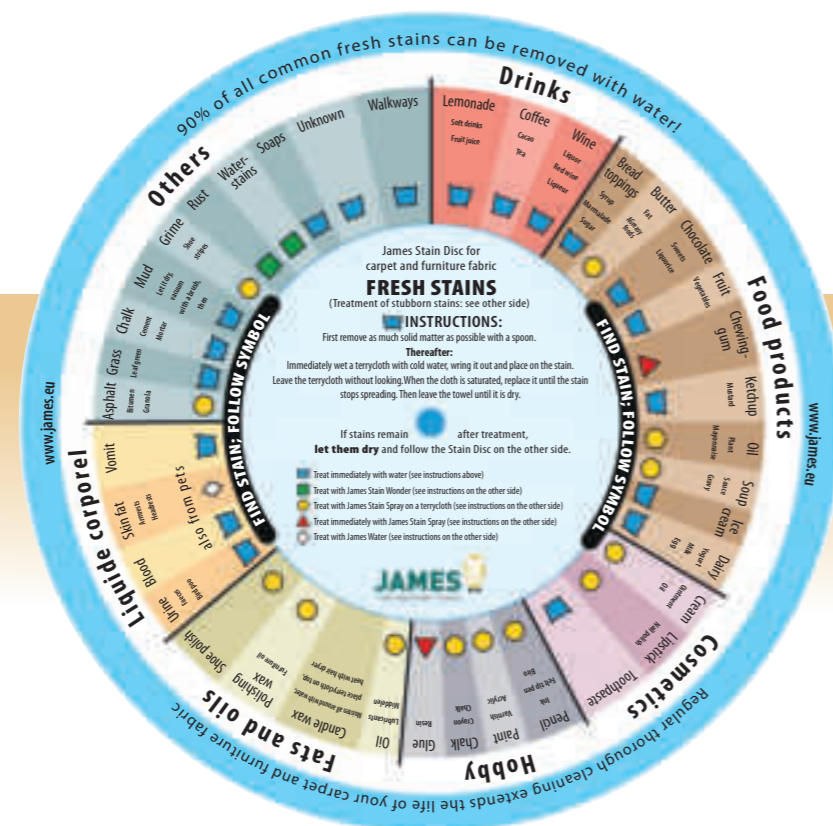

James is the only manufacturer of cleaning agents that states on the James stain disc and on the website that 90 percent of all fresh stains can be removed with water! James Stain Wonder’s labels even state that you can use it, but that you must first perform a test.

Accurate dosing

James always accurately indicates the dosage when applying the cleaning products. If you adhere to the regulations, the product will work optimally and your carpet will be spotless again!

Avoid sharp objects

In addition to following our cleaning and maintenance advice for your carpet, we recommend that you do not place pointy or sharp objects/ furniture on the carpet.
